

Used Box Questionnaire

Facility: _____.

Address: _____.

How do you currently dispose of your boxes?

- Baling/compacting
- Knocking down and placing on pallets
- Throwing them in dumpster
- None of the above

Additional comments:

2. How many different box sizes do you accumulate?

- 1 size only
- Mainly 1 size with a small % of others
- Several different sizes equally distributed
- Complete mixed bag
- none of the above

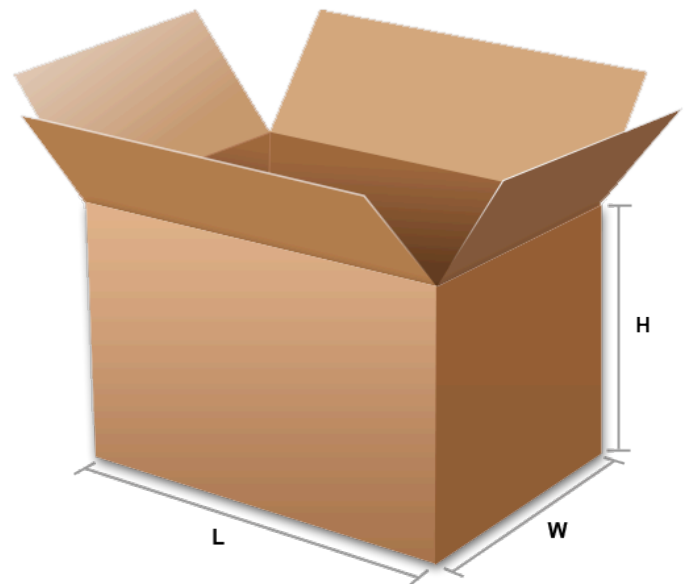

Additional comments:

3. How many of your boxes are RSC's (regular slotted cartons), which have flaps on top and bottom which enable the box to close completely?

- a) All our boxes are RSC's
- b) None of our boxes are RSC's
- c) The majority are RSC's (about 75%)
- d) The majority are not RSC's (about 75%)
- e) It's about a 50/50 split

Additional comments:

4. Does your facility have excess pallets? Yes No

5. Would you prefer to:

- Stack and shrink wrap used boxes to pallet
- Stack and strap used boxes to a pallet (strapping kit to be supplied)

6. How many trailer loads of corrugated boxes for recycling do you accumulate?

- At least 1 trailer load per week
- Around 1 trailer every 2 weeks
- Around 1 trailer per month
- None of the above

Additional comments:

7. What are the capabilities/restrictions at the facility for storing your used boxes?

- We have room to store up to a trailer load's worth of knocked down boxes consisting of 30 pallets double stacked
- We have no room to store any pallets but have a door available for Rebox to drop a trailer for storage purposes
- We do not have room or a door but could have Rebox supply us with a storage trailer that can be left in the yard and used to store the boxes
- None of the above

Additional comments:

8. Please provide us with the size and amount of monthly accumulation of your three largest volume boxes?

Size (Length x Width x Height)	Description	Approximate Monthly Volume
Example: 18 x 15 x 20	Alcoa Closure Box	5000
